Babbling Babies

It is never too early to introduce your baby to books.

Believe it or not, by the time babies reach their first birthday they will have learned all the sounds needed to speak their native language. The more stories you read aloud, the more words your child will be exposed to and the better he or she will be able to talk.

Reading aloud:

- teaches a baby about communication
- introduces concepts such as numbers, letters, colours, and shapes in a fun way
- builds listening, memory, and vocabulary skills

Babbling Babies is a bookable 4 week course that introduces you and your baby to crafts, nursery rhymes and songs for families.
