

This week your child was learning about: Traditional Tales

Literacy

Our book of the week was:

Trust Me, Jack's Beanstalk STINKS

This traditional week we took traditional tales and turned it on its head. Our story this week was about Jack and the Beanstalk but from the Giant's point of view. The children thought it was hilarious to see the other side of the story and we hope it sparks their imagination to retell stories in their own way.

Word on the Street:

This week our word is: Author

This week the children learned that word FOCUS means to concentrate or think about what we are doing in the moment. We thought it was a great way to get the children to FOCUS on school after a week off.

Numeracy: Numbers

Doubling

This week the children discussed doubling. What number do we get if we have two of the same? The children caught on quickly.

Phonics

This week we learned the sounds; We focused on ure, er, ur

We had a review of some sounds children were struggling to recall. It never hurts to go back and review!

Can you decode these words?

Let children explore the RWI cards - all SSP blue level sound pics included

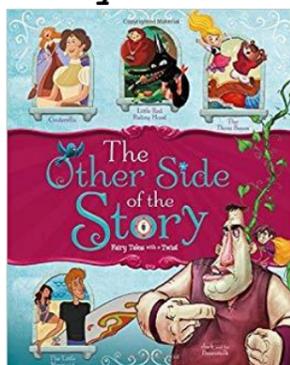

Write on the sausage and bean sound buttons

herks	mixer
scurg	turn
rirth	bird
frerb	river
trurp	church
phirk	thirteen
shebber	monster
nurtin	disturb

Don't have a pack yet? Go to www.readaustralia.com/orders.htm - approx \$12

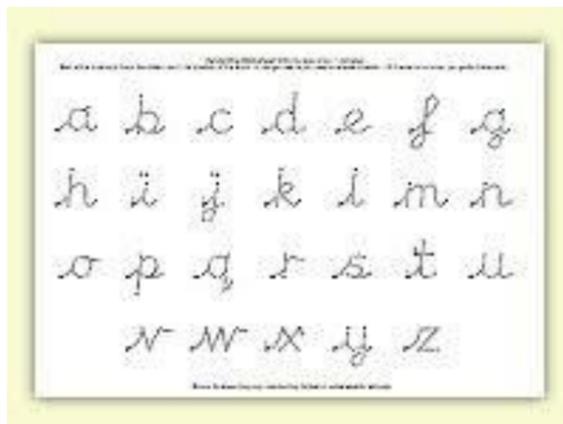

Topic: Traditional Tales

These next few weeks we will be focusing on traditional tales from a different point of view. How does that story change, what stays the same

How you can help your child at home:

Practice writing as much as you can. We are starting to teach the children the pre-cursive style, so encourage this at home. With the sounds of the week if you can.

Practice Doubling, you can double anything; marks on paper, cereal, veg, sweets, be creative as you like. The more creative the more likely the child will remember the math's work at home.

Things to remember:

- We would like to give a warm welcome to Miss Doh, our new student teacher who will be joining us for the rest of the year. For Spring 2 she is with us Monday's and Tuesday and from Summer 1 she will be with us all 5 days of the week!

- Next **Thursday March 14th** is World Maths Day

- Next Friday March 15th is **Red Nose Day** your child can wear **Red** and donate £1 for charity

- The last day of term is **Thursday April 11th**. Friday the 12th is an inset day.

Thank you for your ongoing support!
