If you want to feed the ducks – and doing so can be an enchanting experience – there are many healthier alternatives to offer instead of bread. Great foods to feed ducks include: Grapes (cut in half to prevent choking) Cracked corn, barley, oats, birdseed or other grains.

Miller's Pond is located in Shirley, by a small ground behind the houses in Shirley Way, The Lees, Bennetts Way, Farm Lane and Worcester Close.

Millers Pond is a popular place for wildlife lovers, bird watchers, and families with young children who enjoy feeding the ducks. It is home to many species of wildlife including mallards, geese, moorhens, coots, cormorants and the occasional heron. The park is also very popular with people of all ages who just want to sit and enjoy being in this pretty, tranquil park.
