

Shirley Children's Centre Safeguarding Statement

Shirley Children's Centre fully recognises its responsibilities for child protection and safeguarding. We all have a full and active part to play in protecting and safeguarding the children in our care at Shirley and that promoting a child's welfare is our paramount concern.

To support this statement, the children's centre may provide or signpost to services that are specialised to promote opportunity, prevent problems, act early and act effectively if and when any concerns arise.

This statement provides an overview of the children's centre position and should be read in conjunction with the Child Protection and Safeguarding Policy.
